

God's Love in the End Times

by Warren R. Angel

ISBN: 9780972486965

Biblical Studies / Personal Growth

\$13.95 Paperback 215 pages

Magnus Press

Discusses false ideas about God's love, especially among Christians, and clarifies biblical ideas, notably that God will never stop loving anyone and that no believer will be left behind at Christ's return. Also, why Calvinism is a denial of God's love. Enables every believer to say, no matter what their situation in life, "I know God loves me!"

No book like this is currently in print. Some books deal with helping believers develop a better love relationship with God, but rarely do they get into the theology of God's love because the Church has often made it a difficult subject. But *God's Love in the End Times* dispels false biblical and theological ideas about God's love to give Christians a solid understanding of the subject and a greater appreciation for the God who loves them.
