## **Shadow Government**

SRP: \$17.98 UPC: 745638055458 (Available now!)

Based on the book by Grant R. Jeffrey. Grant's best-selling books have sold over 5 million copies and he is one of the leading teachers of Bible prophecy and the intelligent defense of the Christian faith.

John Wilson wakes up, gets ready for his day and heads to work. He has no idea that he's being watched, monitored, scrutinized and studied. Is he a threat to national security? Is he a terrorist or a criminal? No, he's an ordinary American citizen. Like everyone else, John's rights and freedoms have been systematically destroyed—all in the name of security and convenience.

What if there were hidden forces with no ties to democracy or constitutional rights in power? What if new laws, media propaganda and Secret Societies labeled John a danger to society? And ultimately, what if all this set the stage for a Biblically prophesied global government run by the Antichrist?

Author Grant Jeffrey, and many other leading researchers, take you through the incredible and hidden world of Surveillance, Rights and Freedoms, Global Government and Bible Prophecy. 60 minutes
