Jimmy Valiant: Scions of Danger is an exciting, small-budget (by Hollywood standards) pilot for a proposed episodic series for network broadcast, and DVD. The message of this film is simple: *Heroism begins at the heart.* For the last fifty years, men have watched movie heroes such as James Bond, Rambo, Jason Bourne, and the characters of the *Mission Impossible* series and received a counterfeit picture of manhood. While many appreciate the courage and can-do spirit of these characters, they've also been treated to a wash of self-indulgence: lust, rage, and rebellion. With admiration, young boys have grown into adult males emulating these wicked attributes. True manhood has been the casualty.

Our film *Jimmy Valiant: Scions of Danger* seeks to present Christian heroism — where men follow the example of their Savior Jesus Christ by giving themselves for the weaker. This begins at the heart. As the main character of our story has to discover, men have to acknowledge Christ's Lordship over them in order to fight for justice over vengeance.

"An action packed story of faith, redemption, and forgiveness"
