"Miraculously enthralling." -Dr. Ted Baehr, Movie Guide

There's no such thing as miracles. That's what a skeptical reporter (Kirk Cameron) thought until he met Craig Shergold (Thomas Sangster).

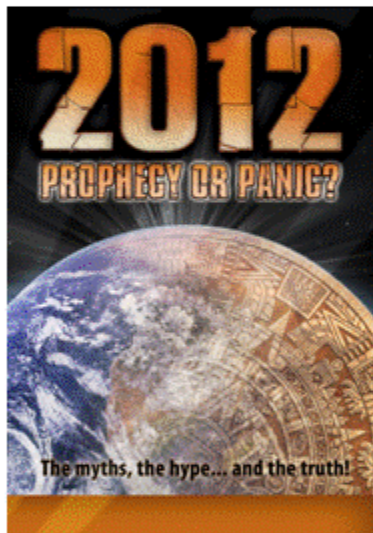

Craig is an eight-year-old with a brain tumor and less than a year to live. Looking for hope, his mother (Catherine Oxenberg) pushes to break the Guinness World Record for receiving the most get-well cards. They receive an incredible 1.3 million cards and shatter the old record.

However Craig continues to get worse. But with love, indomitable will, and prayers from around the world, Craig and his family never stop hoping for a miracle.

"A heart warming true story of love and faith."

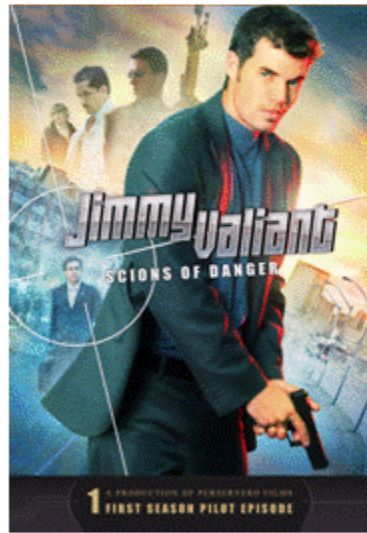

-The Dove Foundation (FIVE DOVES!)

Join experts Mark Hitchcock, Grant Jeffrey, Dr. Chuck Missler, and many others as they take an in-depth look at the original source Mayan materials, look at how all of it is affecting our world, and see how best we can prepare for an uncertain future! 90 minutes (From Cloud Ten)
